BIENNIAL REPORT

OF

State Board of Land Commissioners of Colorado

Denver, Colo., December 20th. 1918.

His Excellency,
HON. JULIUS C. GUNTER,
Governor of Colorado.

Sir: I take pleasure in handing you herewith a report of the transactions of the State Board of Land Commissioners for the biennial period ending November 30th, 1918, as provided by law.

The past biennial period has been the most prosperous from every standpoint of any like period since the creation of the department, the total receipts including interest on warrants and bonds amounting to $2,827,902.13, an increase of approximately 50% over the preceding biennial period.

There were sold during this time 224,005.57 acres of land at an average price of $14.37 per acre, amounting to $3,218,847.75, an average increase per acre over the preceding biennial period of $4.10.

Notwithstanding the selling of almost a quarter of a million acres of land in the past biennial period, lessening the number of acres under lease to that extent, the amount of rentals received from grazing and agricultural leases has increased more than $40,000.00 per annum over the preceding biennial period.

There were outstanding on May 1st, 1918, deferred payments on Certificates of Purchase on State Lands, amounting to $4,923,-705.28, while there was invested on November 30th, $4,532,326.51 in State warrants and bonds which draw interest at the rate of more than 4% per annum, with cash on hand amounting to $416,165.72, being a total of almost $10,000,000.00 in the Permanent School Fund, which is drawing an average interest of approximately 5% per annum, the interest from which is placed in the Public School Income Fund and apportioned every six months, together with the receipts of rentals from lands under lease, for the benefit of the School Districts of the State.

The amount of money apportioned amongst the School Districts of the State as provided by law by the State Superintendent of

Public Instruction and the State Treasurer amounted to $549,-215.79, or $2.25 per capita for the year 1917, and $608,040.20, or $2.40 per capita for the year 1918.

Very few taxpayers realize that this department, year in and year out, is contributing $50,000.00 per month for the support of the common schools of the State, reducing the taxes of the average citizen an appreciable amount.

The annual lease rentals are being steadily increased from 50 to 100% as renewals are made, which, together with the increase in interest from Farm Loans, School and Municipal Bonds, will materially increase the per capita distribution during the coming biennial period.

The Mineral Department has made an especially fine showing during the past two years, the receipts increasing from $89,865.30 in the last biennial period to $190,637.29 in the present biennial term—an increase of more than 100%. Under a law enacted by the Twenty-first General Assembly, all coal royalties go into the Permanent Fund instead of the Income Fund.

The new Farm Loan Act has been operative during the past year, resulting in one hundred and sixteen applications for loans being considered, forty-seven of which were approved in amount of $66,300.00; forty-five were denied or cancelled for various reasons, and twenty-four applications are now pending before the department.

The Twenty-first General Assembly very generously appropriated $21,000.00 to furnish additional appraisers to appraise all of the State lands, and for additional clerical help to check up the State's indemnity land, with the result that practically every acre of land is now appraised and the checking of the indemnity lands is almost completed.

The controversy concerning the ownership of minerals on State land which had been sold, has been decided by the Colorado Supreme Court in the case of "State Board of Land Commissioners vs. N. S. Walpole, et al.," and the title to the minerals is now definitely in the State.

At the last session of the General Assembly, a codified law governing the State Board of Land Commissioners was passed, and has enabled the Board to do its work more expeditiously and satisfactorily.

The members of the Board have worked as a unit for the good of the department and feel justly proud of the record made.

Respectfully submitted,

JOHN F. VIVIAN,
Register.
